

# Classification Codes

The screenshot shows a web application interface for managing classification codes. On the left is a navigation menu with the following items: **Setup Questions** (checked), Brief Lay Summary, Research or Program Plan, Personnel, **Classification Codes** (highlighted with a red box), New / Competitive Renewals / ..., Internal Documents, and Finalize. The main content area has a blue header bar labeled "Classification Codes" with a "Completed" status indicator. Below the header, the text "CLASSIFICATION BY RESEARCH SUBJECT/SYSTEM AND AREA" is displayed. To the right of this text are two options: "Select Codes from Hierarchy" (highlighted with a red box) and "Enter New Code" (with a text input field). A "Remove" button is also present. Below these options, a message states "No records found" above a horizontal line.

Click on Select Codes for Hierarchy and place check marks in the relevant related areas of study.
